1 Mathematics Example

Here is an equation using the `amsmath` package:

$$E = mc^2 \tag{1}$$

2 Table Example

We use the `booktabs` package for a clean table:

Name	Age	Score
Alice	23	85
Bob	25	92
Charlie	22	88

Table 1: Sample Table

3 Image Example

Using the `graphicx` package, we can include an image:

4 Hyperlink Example

Using the `hyperref` package, we can create links: [Click here for more information.](#)
